

BMWi-Studie: Methodik freiwilliger Anrechenbarkeit nachhaltiger Kraftstoffe

Reinhard Otten I/EG-X

What else should be financed by tax payers instead of customers?

New Health Care
Needs

Subsidies for
Charging
Infrastructure

Subsidies for
Purchasing of
Electric Cars

Coronavirus Aid
Packages

Tax Payer

Subsidies for H₂
Infrastructure

What else should be financed by tax payers instead of customers?

New Health Care
Needs

Subsidies for
Charging
Infrastructure

Subsidies for
Purchasing of
Electric Cars

Coronavirus Aid
Packages

Tax Payer / Voter

Subsidies for H₂
Infrastructure

Subsidies for
Green Steel ??

Subsidies for Green
Aviation Fuel ??

Sound application of existing legislative frameworks would allow for a market driven ramp-up of e-fuels – road transport can be the locomotion

Conclusion: The proposed regulatory changes would generate immediately a demand for E-Fuels
